## PROFILE

### Element Wellness, LLC

Our mission is to elevate our community to a state of Sovereign Wellness - by making wellness education and healthcare more accessible to the people who need them most.

Our innovative approach to holistic healing strengthens the mind-body connection with nutrition, movement, mindful self-care practices.

We empower our clients and community with the motivation needed to make healthy choices - to have authority and dedicated awareness of one's own health - by providing for physical, mental and emotional needs. Healthcare starts with Self-care.

Collective Wellness Requires a Collective Effort.
